THURSDAY, MARCH 22, 1894.

THE PLAN OF WORK.

Seeding time coming, and what

shall I do for the best? This must

be the principal thought of our

North-West farmers, in this the

spring of 1894. Wheat at present

prices hardly pays for the growing,

and unless something unexpected

happens there will not be a large

rise in the price for some time to

come. The only chance for a rise

would be failure of crop in large

wheat producing countries, which

might strike the North-West as

well, or a big war, on either of

which events it would be madness

to speculate.

The only advantage in a crop of

wheat is that it can always be sold

at its market value, which is not

the case with other cereals. Oats

will fetch a paying price, it is wanted,

but often have to be held a long

time before a sale can be effected.

Barley is good, if it can be used as

feed on the farm or grown good

enough for malting purposes; but

to get a first rate malting barley it

must be harvested just right or the

sample is spoiled. So this does not

help the farmers out of their difficul-

ties. Flax pays well, but the

buyer of seed has to be very careful

or he may bring into the North-

West, weeds such as have never

been imported before and very

difficult, ones started to kill. Roots

are a catchy crop and require plenty

of cellar storage.

Then what is the farmer to do to

make himself safe? Why simply

this, not put all his eggs in one

basket. Divide his farm into four

equal parts; put in two parts to

wheat, one part to oats, and the

last part divide into flax, potatoes

and other roots. At the same time

to make himself perfectly safe he

should keep some stock, say pigs,

poultry, cattle, horses, which he

can feed with what it does not pay

him to sell. In this way he will care

little what the Bulls and Bears may

be doing at the market centres of

the world.

Whatever he does let him stick

to his farm and comfort himself

with the assurance that times are

worse in other parts of the world

than in the North-West of Canada.

DOMINION PARLIAMENT.

Parliament was opened on Thurs-

day last, and it was the most

brilliant scene that has been wit-
nessed for many years. His Ex-

cellency the Earl of Aberdeen read

the speech from the throne and was

heard by a large number of specta-

tors who crowded the galleries; owing

to the crush, there was at one time

a lack of decorum, which somewhat

retarded proceedings. The speech

referred to tariff reform, amend-

ments to the land laws, improved Atlantic

and Pacific steamship service, the

solventy legislation, and other

matters.

At the conclusion of the speech

new members were introduced, and

Mr. Duggan brought up the question

of David Palmer's resignation. Im-

portant notices were given, among

them being one from Mr. Martin,

M.P. for Winnipeg, that he will

move for the introduction of the

bill in the North-West.

On Friday, Sir James Grant

moved the address in reply to the

speech from the throne, and was

seconded by Dr. LaChapelle. This

was followed by Hon. Mr. Laurier

criticizing the course of the Govern-

ment on the tariff and other im-

portant questions. The Premier

replied, and Sir Richard Cartwright

continued the debate. Sir John

Thompson announced that the

Town & Country Callings.

—To-morrow will be Good Friday.
—Sunday will be Easter Sunday.

—Mr. Ricardo, on Wednesday, shipped two carloads of young stock west to Calgary.

—Mr. Zinkham, late merchant of Port Qu'Appelle, was in town on Friday and Saturday.

—Messrs. J. B. Hawkes, Balgonie, and H. Kew, Sintuluta, paid the town a visit on Tuesday.

—"Doc" Davidson left on Thursday night to assume the position of night operator at Swift Current.

—An unfortunate lunatic, C. B. Corry, was taken to Regina on Monday night, in charge of Corp. Holmes.

—Mr. Worsley, an old time resident of Qu'Appelle, late of Moosomin, was in town on Sunday, renewing acquaintances.

—B. W. Glendeman, N.W.M.P., Touchwood, stopped off to renew acquaintance with his old friends, on his way to Regina.

—Mr. A. W. McDonald, of Fleming, Inspector of Weights and Measures, was in town on Thursday and Friday last, on an official visit.

—Next Sunday Rev. E. T. Carter will preach at the residence of Mr. Pike at 11 a.m., and in the evening at Qu'Appelle. Collections in aid of Wesley College will be taken. All invited.

—It is reported that A. W. Holmson, train dispatcher, Fort William, an old resident of Qu'Appelle, while attempting to board an electric car in motion, fell under the wheels of the car and had his hand cut off.

—Thos. Kline, about a month ago, accidentally cut his knee with an axe while chopping in the bluffs. Although he has had medical advice, and the best of attention, it was considered advisable to send him last night to St. Boniface Hospital. Grave fears are entertained that the leg will have to be amputated.

—A series of union revival services will be commenced on Monday next. They will be conducted by the Rev. Mr. Fowler, B.A., singing Evangelist, supported by the resident ministers. During the first week they will be held in the Presbyterian Church. Good singing will be a feature of the services, and a strong union choir will be on hand.

—Wm. Fox and John Good appeared before Messrs. J. Doolittle and J. H. Fraser, J.T.s, on Thursday last to answer to a charge of stealing about seven tons of hay, the property of Albert Boyle. After hearing the case, the magistrates decided that if the hay had been taken it was by mistake, and gave judgment for the defendants, with costs against the plaintiff.

—Mr. J. Pike arrived home from Ireland on Saturday night. Mr. Pike has been acting as emigration agent in the north of Ireland, of which place he is a native. He informs us that he has been successful in inducing a few families to try their luck in the Canadian North-West, especially in the Qu'Appelle district. They will arrive here in about one month's time.

—Among the many causes that will contribute to the success of the farmers' reunion on the 27th inst., will be the appearance of the public hall. It has been entirely renovated and improved. It is now under the hands of Mr. "Tony" Hollingshead, our worthy knight of the brush, and that it will receive justice at his hands goes without saying. Messrs. Warner and Raymond certainly deserve great credit for the manner in which they have superintended the improvements.

—A meeting was held in the Leland Hotel on Friday night for the purpose of arranging a programme of sports to take place in Qu'Appelle on the 14th May. Present: Messrs. G. S. Davidson, A. E. Whiffin, W. H. Bell, W. Powley, A. Raymond, W. Davidson, J. H. MacCaul, Dr. Creamer, R. Johnston, E. W. Warner, J. McEwen, J. McDonald, E. Bell, S. Tease, J. P. Beauchamp, J. Baumstark, and others. G. S. Davidson, Esq., in the chair. Dr. Bell was appointed secretary. After the object for which the meeting had been called was explained, and the subject had been well thrashed out, it was proposed by A. E. Whiffin, seconded by A. Raymond, and carried, that a day's sport, consisting of horse racing, bicycle racing, and athletic games, be provided, the whole to wind up with a quadrille party in the evening. Dr. Creamer was elected president, and the following committee was appointed to make all the necessary arrangements and to canvas for subscriptions:—J. P. Creamer, E. W. Warner, A. E. Whiffin, A. Raymond. \$500 is to be hung up in prizes. All particulars will be published in a few days.

—Oh! that delightful soup.
—Do you like black tea? No! So—I.

Mr. J. T. Stillborn, of Pleasant Forks, arrived in town on Thursday morning's Atlantic express.

—Dr. Hunt, Messrs. Spearman and Kirkland, of Indian Head, paid the town a visit on Thursday last.

—Mr. A. Dundas, a brother of our own "Sandy," arrived back from the Old Country last Friday night.

—Mr. W. W. McMillan arrived per Pacific express on Saturday morning, and left same afternoon for Indian Head.

—J. D. Kennedy, representing the Minnesota and Ontario Lumber Company, paid the town a visit on Saturday and Sunday.

—Atherton & Thorburne, livery, Fort Qu'Appelle, have sold out to Messrs. Drine and Featherstonlaugh who take possession on April 1st.

—The Bishop of Qu'Appelle has been delivering a course of eloquent Lenten sermons on Tuesday afternoons at St. Luke's Church, Toronto.

—Mr. Barnes arrived home from Calgary on Friday night, bringing with him a thoroughbred flyer. Mr. Barnes reports business lively both at Calgary and Medicine Hat.

—Qu'Appelle appears to be a favorite stop-over place for commercial men on Sundays, no less than seven of the travelling fraternity being in town on Sunday last.

—The arrangements for the forthcoming farmers' reunion are progressing in a manner more satisfactory than the most sanguine could have expected, and that it will be the most enjoyable and successful undertaking of the season is assured.

—The oldest son of James Porter, Indian Head, met with an accident the other day which might have proved fatal. The young boy, who was walking in front of a horse, fell when the horse tripped on him, badly lacerating the lad's face and head.

—The streets of the town assume quite an animated appearance every afternoon, no less than six trotters being exercised every day. The latest addition is Raymond's celebrated Black Boss (29.40). Some of the flyers will have to keep the hair of their eyes.

COMPANIES CONSOLIDATE.

It is learned that arrangements for the administration of the Canadian Pacific Railway Company's lands and the Canada Land Company's business under Commissioner L. A. Hamilton will be consummated in a few days. It's quite on the cards that the Hudson's Bay lands will be placed under the same management, negotiations to that end being on the tapis.

TELLING OF THE WEST.

The Mid-Ulster Mail (Ireland) of Saturday, Feb. 24th, says: "Mr. Leary, Canadian Government agent for Ireland, gave an interesting and instructive lecture on Western Canada and its resources, in the school-room of Donaghy Independent church, on Wednesday evening, 14th inst." Mr. Hopper (of W. J. Hopper & Bros., Cookstown, shipping agents), took the chair at 7.30 p.m., and introduced the lecturer. Mr. Leary held the close attention of his large audience for nearly two hours, and closing entirely with facts which came under his personal observation during 18 years' residence in the west, he carried conviction to the minds of his hearers to the close."

CHRISTIAN ENDEAVOR.

The third annual convention of Christian Endeavors in the Territories will be held in Moosomin on Easter Sunday and Monday, March 25th and 26th. Every society in the Territories is invited and expected as far as possible to send delegates, who will be entertained by Moosomin friends. There is no limit to the number of delegates from one society. Any person who is a member of a Christian Endeavor Society, or a member in good standing of an Evangelical church, may attend as a delegate if properly certified. The following is the programme:—Address of welcome to visiting delegates, Mayor J. McCord; "How to make meetings interesting and beneficial," Mr. J. Burton, Abernethy; "Spiritual life—its need and culture," S. R. Brown, B.A., Regina; "Our Junior work," Hugh Robson, Regina; "The true value of the pledge," H. E. Armstrong, Broadview; "Weak points in C.E.," Miss Felton, Moosomin; "Good citizenship," J. G. Elliott, Glendale.

THE BIG BOAT RACE.

OXFORD WINNER OF THE GREAT AQUATIC EVENT.
LONDON, March 17th.—The fifty-first boat race between eight oared crews representing the Oxford University boat clubs took place this morning, over the usual four miles and two furlongs course on the Thames, from Putney bridge to opposite the ship hotel at Mortlake. The Oxford crew won by three and a half lengths.

ALMOST A DUEL.

It is not generally known that, despite the idea entertained by people to-day that duelling is a thing of the dark past in all except Gallic countries, the late Premier, Sir John A. Macdonald, almost figured as principal in a duel, while Attorney-General of Canada. In the Parliament of 1856-59, Sir John was particularly fierce in his attacks upon opponents. His bitter onslaught upon Hon. George Brown is often referred to. He also made a sweeping attack upon Colonel Rankin, to which that gentleman replied in such a tone that they almost came to a personal collision. The practice of duelling was just dying out, and the speaker was so satisfied that a duel would result that he threatened to place both gentlemen under charge of the Sergeant-at-Arms. He was restrained, however, and letters proposing and arranging a duel were actually exchanged between Sir John and Colonel Rankin, but somehow unknown influence prevented the duel. —Winnipeg Saturday Night.

FEMALE IMMIGRATION.

The remarks of Miss Shaw, in her paper read before the Royal Colonial Institute, on the need for young unmarried women in the colonies, seem to have set those interested in immigration in the Old Country thinking. Miss Shaw spoke more particularly with reference to the Australian Colonies, but all that she said will apply with equal force to other parts of the Empire, Western Canada among them. This point was merely touched upon in the paper mentioned, which dealt with the wider subject of "The Australian Outlook" from financial and commercial points of view, but what Miss Shaw did say about it was very emphatically in favor of female immigration of the right sort. She thinks that the girls of big families should be allowed to accompany their brothers when they are setting out to make new homes for themselves on a ranch or farm in the colonies. As things are now the young men must spend valuable time while founding this new home in washing dishes, feeding poultry and other domestic employments which might be put to much better advantage in his fields if he only had some one else to attend to these. At the same time the girls of the family are probably moping around the home in some crowded part of England sighing for a husband or something to do. If means could only be devised to get these surplus girls safely planted with their brothers on the far away and homesome farm what a vast difference it would make in the condition of many of these young fellows. The loneliness and dullness would all disappear and they would put some heart into their work then. It is more than likely that the young men would occasionally be called upon to exchange sisters with some other fellow but that would only give a spice to the whole business, and besides would have a tendency to increase the population. This idea could be made to do good service in Western Canada we are sure, and already there are rumors of inquiries from bachelor farmers in different parts of the country as to what steps are being taken to carry it out.—Colonist.
